SCALE 2:1

SECTION E-E

1. Unspecified limit deviations of dimensions H14, h14, +t-IT14/2
Mark ordinal number.
Depth of marking - 0.3mm.
3. Details A and B must be marked with same ordinal number, processed and used together
4. Edges G must be metallized HRC 32...38
5. Forming surface E must be polished Ra 0,16
6. Keep sharp edge D
7. * - Reference only dimensions
8. ** - Must be controlled using compex calber
